PART I

INTRODUCTION AND EXPLANATION OF CODES

INTRODUCTION

This report presents a variety of subcontract data collected from Department of Defense (DOD) large business firms that have received at least one award in excess of \$500,000 (\$1,000,000 for construction). Public Law 95-507 requires that these contractors establish a small business and small disadvantaged business subcontracting program and report to DOD quarterly, using Standard Form 295, on subcontract awards made to these types of firms.

Table II-1 shows the dollar amounts and percent distribution of awards from DOD contractors to large, small, and small disadvantaged businesses for FY 1985 and FY 1984. Table II-2 summarizes DOD subcontracting program commitments for FY 1985. Tables II-3 and II-4 summarize small and small disadvantaged business subcontracting goals and achievements.

Detailed information from the Army, Navy, Air Force and Defense Logistics Agency (DLA) is presented in Part III, Sections 1 through 4. Commercial product information is presented in Part III, Section 5. These listings include all of the statistics submitted by each contractor and subcontractor on SF-295.
